

QUAKER CITY STRIKE GROWS RAPIDLY WORSE

RIOTS FOLLOW THICK AND FAST

Three Hundred Injured in 20
Riots of Last Night Now
in Hospital

SUBWAY AND ELEVATED CREWS JOIN STRIKERS

Strike Breakers Quit Job and
Hundreds of Special Po-
lice Sworn in

PHILADELPHIA, June 3.—The em-
ployes of the subway and elevated
lines struck today, joining the plat-
form men of the surface lines.

Rioting continued in Kensington,
and a clash, in which there was shoot-
ing, occurred between the sailors
from League Island navy yard and
the police. More than three hun-
dred victims of last night's rioting
in the hospitals, and the list is
growing rapidly.

The subway and elevated men quit
at 9 o'clock this morning. Special
police were rushed to every elevated
and subway station as soon as the
strike was declared, and all trains
that started were manned by strike-
breakers. The clash between the
sailors and police occurred after thirty
men from the navy yard had board-
ed a car and yelled "scab" at the
motorman. The police attempted to
arrest one sailor, and the shooting
followed. Unwounded, the police
drove the sailors back into the yard.
Several hundred special police, half
of them negroes, were sworn in to-
day. Because he made no effort to
stop the rioting last night, Lieuten-
ant John Sykes was suspended by
Police Director Clay, pending trial.

Twenty Riots Last Night
Twenty riots occurred last night.
Fifty strikebreakers quit today, who
said they were told they were em-
ployed to operate a new car line in
Philadelphia.

LIVELY PASSAGE BETWEEN SOLONS

Aldrich Accuses Stone of Be-
ing Under Influence of
Germany

WASHINGTON, June 3.—The charge
that Germany through correspondence
with the state department had at-
tempted to influence the present tar-
iff legislation, was productive of a
lively tilt in the senate today between
Senators Aldrich and Stone.

Aldrich intimated that Stone acted
in a light that made it a plausible
theory that he appeared as a repre-
sentative of Germany. Stone replied,
charging Aldrich with being "grossly
impertinent."

It is thought that Senator La Fol-
lette will introduce a resolution to-
morrow calling upon President Taft
to produce any German correspond-
ence relative to the tariff.

La Follette Collapsed
WASHINGTON, June 3.—Senator
La Follette was overcome by the heat
yesterday while speaking on the tar-
iff bill and was in a weak condition
for twenty minutes or more.

The heat will help hasten a vote on
the tariff bill which it is now hoped
will come to a vote about June 20.

—\$150 for horseshoeing. J. C. Wil-
liams & Son, Orange.

CAUSE OF STRIKE AND RESULTS UP TO DATE

Cause of the strike—Refusal
of the company to accede to the
following demands:
Recognition of union griev-
ance committee.
Time and a half for all extra
work.
Arbitration of future differ-
ences.
Twenty-five cents per hour.
Results of strike to date:
Four thousand idle, and two
thousand still working.
Cost to company, \$300,000.
Cost to strikers, \$40,000.
Injured, fifty.
Strike breakers working,
1500.
Cars idle, 500; running, 550.

TEDDY GOING ON TO SOTIK

Roosevelt Praises Newspaper
Man in Letter Written
From Mombasa

(By Warrington Dawson, Staff Cor-
respondent United Press.)

NAIROBI, June 3.—Col. Roosevelt
and party left here this afternoon on
a special train for Kijabe, forty miles
northwest of Nairobi. The party will
camp tonight, and early in the morning
Roosevelt will visit the American
mission at Kijabe. Later the party
will start by caravan for Sotik.

ROOSEVELT'S PRAISE OF NEWSPAPER MAN

NEW YORK, June 3.—Col. Roose-
velt, in the current number of the
outlook, devotes an editorial column
to praise of the literary prowess of
Warrington Dawson, the staff cor-
respondent of the United Press, who
is accompanying Roosevelt on his Af-
rican hunt. He praises Dawson's
books, "The Scar," and "The
Scourge," and refers to Dawson's
success in England and America.
Dawson was for years the manager
of the Paris bureau of the United
Press, and made a name for him-
self in the newspaper field. The ar-
ticle was written in Mombasa.

Dawson, born in South Carolina,
had not met Col. Roosevelt until the
present trip. Roosevelt speaks high-
ly of Dawson's accuracy and engag-
ing personality. A strong friendship
has sprung up between the two men.
Roosevelt lowered his censorship and
invited Dawson to accompany him
throughout his trip.

Dawson is the only American news-
paper correspondent covering the
Roosevelt hunt, which, in connection
with the warm regard held by the
colonel for Mr. Dawson, accounts for
the superiority of the United Press
reports of the expedition.

LULU PYLE LITTLE IS DEAD

LOS ANGELES, June 3.—Mrs. Lu-
lu Pyle Little, one of the best known
club women of this city, died Tues-
day evening at 6 o'clock, at her
home, 2716 Vermont avenue.

INNOCENT ARMENIANS HUNG WITH MOSLEMS

(By Bysantius Moschopoulos, Staff
Correspondent United Press.)
CONSTANTINOPLE, June 3.—
Six innocent Armenians were
hanged at Adana yesterday, ac-
cording to advices received
here today from missionaries.
There they were hanged with
Moslems convicted of partici-
pation in the recent outrages.
The missionaries declare it was
done to give a semblance of
truth to the charge that the Ar-
menians were partly responsi-
ble for the outbreak.

MEXICAN OFFICER HELD FOR MURDER

Lieut. Col. Gonzales to Answer
For Executions After
Religious Riots

DURANGO, Mexico, June 3.—Fol-
lowing an investigation of the sum-
mary executions during the religious
riots at Velardena, Lieutenant Colonel
Jesus Garsa Gonzales, who com-
manded the troops, has been charged
with murder. Gonzales has been un-
der arrest for some time. Twenty
participants in the riots were execut-
ed following a drumhead courtmartial.
Gonzales has retained counsel to de-
fend him.

TAFT PLANS DATES FOR HOPED-FOR WESTERN TRIP

WASHINGTON, June 3.—President
Taft is so optimistic regarding the
probability of taking the western trip
planned for him that he is making ar-
rangements and dates for stopping
and speaking. He has been invited
to address the University of the
South Sewanee, Tenn., on the "En-
trance of the South into National Af-
fairs."

President Taft is also hoping to at-
tend the Trans-Mississippi Congress
at Denver, Aug. 16 to 21, which would
be a part of his Western Coast-Alas-
ka trip. From the coast he would re-
turn southward through the Pacific
Coast states and the South to Wash-
ington.

107,000 HAVE VISITED SEATTLE EXPOSITION

SEATTLE, June 3.—The officials of
the Alaska-Yukon-Pacific Exposition,
are elated over the attendance. The
first day ninety thousand people paid
to enter. Yesterday in spite of cold
and rain, there were seventeen thou-
sand visitors. The programmes are
varied each day.

MORGAN PLACES STEEL SECURITIES ON BOURSE

PARIS, June 3.—Through the ef-
forts of J. Pierpont Morgan, the Paris
Bourse has listed United States Steel
Corporation securities, the first Amer-
ican stock ever listed on the bourse.
The financier celebrated his extraor-
dinary financial victory by giving a
tea to some of his intimate friends at
Precatian, in the Bois.

MACHINISTS STRIKE ON THE BALTIMORE AND OHIO

BALTIMORE, Md., June 3.—An or-
der was issued today by the National
Machinists Union for a general strike
of machinists on the Baltimore and
Ohio Railroad.

WRECK SURVIVORS ARRIVE AT SEATTLE

Cast Away From Canning Ship
Columbia on April 29—
All Were Saved

SEATTLE, June 3.—One hundred
and ninety-four survivors of the
wreck of the canning ship Columbia
are here today awaiting the arrival
of steamers to carry them back to
San Francisco. The cannery people
have been advised that the Federal
government has guaranteed the pay-
ment of transportation of the pas-
sengers back to their homes in Cal-
ifornia.

The Columbia was lost by drag-
ging her anchors in a snowstorm off
Unimak Pass. All hands went safely
ashore in a breeches buoy and were
taken to a lighthouse. The vessel
foundered April 29.

LOS ANGELES POSTAL RECEIPTS INCREASE

LOS ANGELES, June 3.—Figures
made public by Postmaster Motley H.
Flint yesterday show that the in-
crease in postal receipts during the
month of May, 1909, over the same
month last year was \$13,820.23.

Weather Forecast
Southern California: Fair tonight
and Friday; continued warm, with
light north wind.

CONSERVE WATER PROTECT USERS

Association Formed by Three Counties
to Handle Spreading of Floods and
Fight Wasteful Methods

Yesterday at Riverside articles of
incorporation for the Water Conser-
vation Association were adopted and
signed by representatives of Riverside
and Orange counties. San Bernar-
dino county's representatives have
not yet been chosen.

This association has a very import-
ant work to do and by forming the
corporation association it is getting
into a position to do that work. It
will have charge of the spreading of
flood waters on lands along the Santa
Ana river. That such an associa-
tion should be formed was determined
upon by the Tri-Counties Reforesta-
tion Committee, and county repre-
sentatives were chosen. These repre-
sentatives went to the water using
companies and from them secured
authorities to form this association as
representatives of the water users.

Orange county was represented at
a meeting at Riverside yesterday at
which the association articles of in-
corporation were adopted by William
McLaughlin of Anaheim and M. Nis-
son and E. E. Keech of Santa Ana.
Riverside was represented by W. G.
Fraser, E. O. Rickard and Francis
Cuttle.

In the articles of incorporation the
office of the Riverside Water Co. at
Riverside is named as the principal
place of business.

As soon as San Bernardino county's
representatives have signed the ar-
ticles of incorporation they will be
filed by E. E. Keech. By-laws are to
be adopted at a meeting to be held
at Balboa.

That the association has as its ob-
ject the conservation of water not on-
ly by spreading it in the washes and
gravel beds along the river but also

COTTON CROP HAS DAMAGE FROM RAIN

Louisiana Loss Will Likely Go
to 50 Per Cent—Rain in
Mississippi

NEW ORLEANS, June 3.—A 36-
hour downpour of rain has caused tre-
mendous loss in the Louisiana cotton
crop, the crop being totally ruined in
many places.

The rice belts of this state and of
Texas received the rain with favor.
In Mississippi the rainfall has
averaged an inch a day for seventeen
days past, stopping trains and swell-
ing rivers.

NEEDLES THREATENED WITH DESTRUCTION

NEEDLES, Cal., June 3.—With 175
feet of bank between this town and
the Colorado river, and the bank be-
ing eaten away at the rate of 35 feet
in nine hours, property owners here
are working desperately, building a
breakwater to save the town.

SANTA FE WILL ISSUE FOUR PER CENT BONDS

NEW YORK, June 3.—Announce-
ment is made of an issue of approxi-
mately \$27,000,000 four per cent con-
vertible bonds of the Atchafalaya, Tope-
ka & Santa Fe Railway Company
which will be offered to stockholders
for subscription at 104 and interest.

BURROUGHS MISSING AND ANXIETY FELT

SAN FRANCISCO, June 3.—
The whereabouts of John Bur-
roughs is causing the friends of
the eminent naturalist much
anxiety. He was to have arriv-
ed here from Honolulu, but
when the Alameda docked he
was not aboard. No word had
been received of his change of
plans, and his whereabouts
are unknown. A party of prom-
inent persons waited to greet
him. Cables to Honolulu have
elicited no information.

LOS ANGELES HONORS FRENCH AMBASSADOR

Royally Received in Western
City; Jusserand Responds
With Cordiality

LOS ANGELES, June 3.—M. Jules
Jusserand, French ambassador to this
country, and his wife, were royally
entertained yesterday and last night
by their own countrymen and the
citizens of Los Angeles. The crown-
ing event was an elaborate reception
given them in the evening at the
Chamber of Commerce, where hand-
somely gowned women and prominent
men joined in doing them honor. In
a speech made by the distinguished
Frenchman, words of good will for
this country were spoken, and many
references to the friendship of France
and America were made.

TWO MEN BLOWN INTO UNKNOWN BY DYNAMITE

COALINGA, Cal., June 3.—Nevan
Walp, a driller, and Fred Jost, a tool
dresser, were blown into shreds this
morning when dynamite exploded in
the Red Top oil well, when a tool
struck some dynamite under the derrick
floor. Walp was killed instantly,
and Jost lived but a few minutes. An-
other driller and tool dresser had a
narrow escape, leaving the derrick
just before the accident. There will
be an inquest this afternoon.

PHOENIX MAN HAS FIRST FILING ON NEW DOMAIN

PHOENIX, Ariz., June 3.—First
privilege was given J. C. Dobbins of
Phoenix, to file on 320 acres of land
in the two hundred thousand acre
tract recently thrown open by the
government. The Santa Fe railroad
is to contest all filings on the ground
that men holding Santa Fe scrip were
refused the right of entry on the land.

SIX PERISH WHILE ON ALPS MOUNTAIN CLIMB

TURIN, Italy, June 3.—Four French-
men and two Italians were fatally in-
jured while climbing the Alps accord-
ing to reports received here from
Gran Denet. They were attempting
to reach an inaccessible point.

U.S.C. COMMENCEMENT BEGINS

LOS ANGELES, June 3.—Com-
mencement exercises of the Univer-
sity of Southern California will be-
gin tonight in the college chapel,
when the Aristotelian, Comita and
Cjlonian Literary societies will give
a joint entertainment, and will con-
tinue through till June 17.

HONOR PINCHOT AND SECRETARY WILSON

Canadian University Confers
LL. D. Degrees on Two
Americans

MONTREAL, Quebec, Canada, June
3.—James Wilson, Secretary of
Agriculture of the United States, and
Chief Forester Gifford Pinchot receiv-
ed LL. D. degrees from McGill Uni-
versity today at the dedication of Mc-
donald College. Wilson spoke in fa-
vor of the education of girls.

New Building May Go Up On Corner of Third and Main Sts.

W. B. Weatherbee and J. N. An-
derson have under consideration the
erection of a \$15,000 two-story brick
building at the southwest corner of
Third and Main streets, the building
to be occupied by the Farmers' Car-
riage & Implement Co., recently or-
ganized. All the arrangements for
the construction of the building have
not been completed, but the matter
is practically settled. Should that
building be put up, it will be the
third brick building for Main street
for the summer. The Main Invest-
ment Co. has already let a contract

STRIKE TALK VIOLENT AT M'CLOUD TODAY

But Town is Quiet; Arrival of
Troops is Met Without
Demonstration

STRIKERS CAREFULLY GUARD TON OF DYNAMITE

They Demand Conference With
Company—Agitators Urge
Men to Strike

McCLOUD, June 3.—"If the militia
attempts to make arrests in our ranks,
we will offer such resistance as may
be necessary. None of our men are
to be harmed or restrained unless all
are defeated. We will oppose arms
with arms."

With this as the keynote of two
speeches a mass meeting of strikers
to the number of 700 dispersed after
half an hour's gathering which was
attended by the company's representa-
tives. The strikers demand a confer-
ence with the company over their
grievances, especially that of being
compelled to buy supplies at high
prices at the company store. They
claim that the company charges each
man \$1.50 on his trip to collect his
pay.

Word that the troops were coming
was received in silence. It was inti-
mated that the strikers will remain
in their camp and refuse to go to
work but "we will allow none to
take our places," they say.

NO DEMONSTRATION ON ARRIVAL OF TROOPS

McCLOUD, June 3.—Troops ordered
here to quell the striking lumbermen
arrived this morning at 11:15. The
strikers made no demonstration, and
there is little likelihood of a serious
clash between them and the troops.
When the troops train passed the
strikers lined the roads for half a
mile.

Private advices say the town is
quiet today. The troops arrived and
departed for the lumber towns where
serious rioting is said to have started
last night. The strikers force num-
bers eight hundred. It is reported
that agitators are heading there. The
town is in darkness because of cut
wires.

A committee is visiting neighboring
camps in the vicinity and urge all the
lumbermen to join the strike. The
strikers' guard about a ton of dynam-
ite has been increased as a precau-
tion against any overt act which
might cause the militia to make
wholesale arrests.

SACRAMENTO, June 3.—Up to
10:45 this morning Governor Gil-
lett had received but one message
from Adjutant General Lauck, in
charge of the militia sent to hold the
Italian lumber strikers in check in
the McCloud district. The message
was from Lauck at Dunsmuir, early
this morning, and indicated that the
troops had arrived at McCloud later
in the morning. There are rumors
that the Italians have mobilized near
McCloud.

It is impossible to reach McCloud
by phone, as the strikers have cut
the wires. \$100,000 is at the disposal
of the national guard, voted by the
last legislature.

TROOPS SENT TO QUELL RIOTING LUMBERMEN

SACRAMENTO, June 3.—Five com-
panies of militia under command of
Adjutant General J. B. Lauck, were
ordered to McCloud yesterday after-
noon to quell the rioting of the strik-
ing Italian lumbermen, begun five
days ago. The governor was reluc-
tant to send the militia, holding the
force till afternoon, as Sheriff Charles
Howard at McCloud had sixty de-
puties, but Col. Bradbury telegraphed

READY TO HELP CELEBRATE FOURTH

Santa Ana Chamber to Join
Huntington Beach in
Jubilee

PLENTY OF CARS
ARE LOOKED FOR

Committee Getting Out Attractive
Folders for Use in
Advertising

Huntington Beach is going to get
all the help in its Fourth of July celebration
that the Santa Ana Chamber
of Commerce can give. About all
Huntington Beach needs to do is to
let the Santa Ana chamber know

what is wanted of it, and it will be
done. At the meeting of the board
of directors last night, the board
voted to give its aid in the celebration.
It is probable that the Columbia
Band will be sent over to take
part in the parade and entertainment
of the public.

The Santa Anans have been working
to make arrangements for transportation
over the electric line that
will be completed about July 1, the
Fourth of July celebration to be also
a jubilation over the completion of
the line. Last night a letter from
the Pacific Electric was read, in
which the statement was made that
it was thought that the company
could furnish all the cars needed for
carrying the people to the beach city
on July 5th, the day of the celebration.

A W. Rutan, as committeeman appointed
to interview the Santa Fe
in regard to having the trains between
Riverside and Los Angeles,
that come to Orange, come also into
Santa Ana, reported that some of the
officials had been seen and some encouragement
received.

H. C. Head, as chairman of the
committee on literature, stated that
a contract had been let through a local
firm for printing of literature, a
large share of which will be used
during the Elks' grand lodge in Los
Angeles. A neat folder containing a
large number of views illustrative of
the products and attractions of Santa
Ana is to be issued.

PRESIDENT TAFT PAYS TRIBUTE TO MIKADO

WASHINGTON, June 3.—President
Taft was emphatic in his expressions
of regard for the Japanese in his address
at the banquet given last night
in honor of Baron Uriu by his mates
of the Naval Academy class of 1881.
He closed by proposing a toast to
the Emperor of Japan, to whom he
paid a tribute.

Among those present were Vice
President Sherman, Speaker Cannon,
Admiral Dewey and Senator Perkins
of California.

To Enjoy

the full confidence of the Well-Informed
of the World and the Commendation of
the most eminent physicians it was essen-
tial that the component parts of Syrup
of Figs and Elixir of Senna should be
known to and approved by them; there-
fore, the California Fig Syrup Co. pub-
lishes a full statement with every package.
The perfect purity and uniformity of pro-
duct, which they demand in a laxative
remedy of an ethical character, are assured
by the Company's original method of man-
ufacture known to the Company only.

The figs of California are used in the
production of Syrup of Figs and Elixir of
Senna to promote the pleasant taste, but
the medicinal principles are obtained from
plants known to act most beneficially.
To get its beneficial effects always buy
the genuine—manufactured by the Cali-
fornia Fig Syrup Co. only, and for sale
by all leading druggists.

at each end, fired their revolvers in-
to the air to scare the attackers. The
fight became furious, and marines
from the League Island yard were
called on to disperse the mob.

More cars are running today than
at any time since the strike started.
Charges that the car company had at-
tempted to bribe officials of the union
were denied today at the car com-
pany's headquarters.

Notice to Orange and Lemon Growers' Association

—A meeting will be held in G. A. R.
Hall, Santa Ana, on Friday next, June
4, 1909, at 2.30 p. m. for the purpose
of organizing an Orange and Lemon
Growers' Association identified with
the Tustin-Santa Ana district, in af-
filiation with the California Fruit
Growers Exchange. All growers in-
terested are requested to attend.

Notice to the Public

—Owing to a delay in receiving
machinery the Santa Ana Jersey Farm
will not be able to deliver milk from
its new plant until June 8th. Until
that date Mr. Beckett will make de-
liveries for the company from his
plant.

MINING MEN SENTENCED FOR MISUSE OF MAILS

KANSAS CITY, June 3.—For mis-
use of the mails in connection with
an Arizona mining venture, S. H.
Snider and R. H. May were senten-
ced each to serve one year in prison
and pay a \$500 fine. Frank H. Horn,
who was also found guilty, will re-
ceive similar sentence when his
health permits him to appear in court.

AMERICAN GIRL WAS SAVED FROM FAKE COUNT

WASHINGTON, June 3.—The wed-
ding of a wealthy American girl and
a fake Italian count, at Rome, was
prevented Tuesday by the co-opera-
tion of the State Department and the
Italian government. An appeal to
the department at Washington by
Rev. John T. Quinn of the Episcopal
Ascension church, in behalf of the
girl's parents, brought the unusual
grant of the department cable code.

POPE REACHES SEVENTY- FOURTH BIRTHDAY

ROME, June 3.—The Pope was 74
years old yesterday. He was born at
Riess on June 2, 1835.
In accordance with his wish the
celebration of the day was private.

QUAKER CITY CARS SCARCELY MOVING

Strikebreakers Refuse to Work
and General Walk Out of
Unions Threatened

PHILADELPHIA, June 2.—Several
men were injured today when 75
workmen, whom the police allege are
employees of the Navy Yard, attacked
a trolley car manned by strike-break-
ers. The motorman was felled by a
brick and every window in the car
shattered by a volley of stones. Two
policemen who were on the car, one

REPENTANCE WITHOUT SALVATION

A Los Angeles woman, in an address before a woman's club, severely arraigns the grotesque women's hats lately so much in evidence, but blames them upon the men. This responsibility she proceeds to establish in her own peculiar woman's way, which was doubtless more than satisfactory to her hearers, and there is no recourse left for the men but to accept the conclusion. They will therefore take notice of the fact that they have another grievous sin to account for, and as this one is of a peculiarly heinous nature, they should prepare to "repent in sackcloth and ashes," for nothing short of that would seem to work the needed redemption. Fastening is also recommended to make sure, and also as a precautionary measure, for if the present styles of hats continue much longer it will be necessary to form the habit of fasting in order to meet the expense of the hats.

And in support of the contention that they may not be abated by repentance, attention is called to the fact that though repentance is the duty of the men, reformation is necessarily the prerogative of the women. And so it turns out that after the men have heroically abased themselves for being guilty of the prevailing abominations in feminine headgear, it may be of no avail so far as concerns any reduction either in the size or the price of the freaks, the only reduction observable being in the dimensions of their own bank accounts. In other words the men must repent, but reformation is left to the discretion of the women, and hence the suggestion as to the fasting habit.

But there is one bright spot in the Los Angeles woman's address that must not be forgotten: In concluding the lady naively remarks that "the men are not entirely to blame," which should cause a sigh to go up from all masculine hearts. She agrees to share with us just a tiny bit in the fearful responsibility—just enough to afford a tithe of that companionship that almsy so dearly loves. But as for changing the hat—yes, whenever and as often as the style may change.

LOOKING TO THE FUTURE

Are you looking as far ahead as five years? If you have money to put in permanent investments, it is well to consider the probabilities of Santa Ana and Orange county, say five years hence. That is the time set by the secretary of war for the completion of the Panama Canal. This also has the backing of President Taft who has made a personal investigation on the ground, and has conferred with the best engineers on the subject. Millions of money are invested on probabilities much less certain than this, and the one who makes an intelligent investment on

Phone, Main 40, Home 40

the strength of the Panama Canal being built within five years, stands to make big money. There are but very few who realize the changes that it will make in conditions on this coast, and probably no one can fully appreciate their import. Transportation has always been the important item with us, and owing to the fact that we occupy the extreme western limits of the continent, and furthermore, that our products are so different from those of the East, and withal so vast and varied, it always will be one great item upon which we must depend for prosperity. Next to production it is easily the most important feature of business in any civilized country, but it is peculiarly so with us.

Unfortunately for the Pacific coast it has always been at the mercy of transportation companies, both of land and sea. They are in a combination that enables them to fix rates to suit themselves, and they put tariffs into effect that are supposed to bring them the most money. If their tariffs were prohibitive they would of course destroy their own business, and so they keep just within safe lines on that score. This has greatly retarded the development of this section, and it is going harder with us than with the northern section. But shippers up there are organizing for protection, and even by making the trip around the Horn, they can discount the railroads about \$1,000,000 a year in freight susceptible of being handled on that route. And as lately told in the Register, our shippers are finding that it pays to ship to San Francisco and re-ship from there around the Horn rather than by railroad.

These things are stated here to call attention to the fact that with even these disadvantages against us, we have made and are making a phenomenal growth, which goes to show that if we had proper treatment from the railroads our development would be greatly facilitated, and that with the Panama Canal in working order, as it will be within the next five years, we would move forward at a pace that would be a record breaker. The multiplicity of the resources in fruit, farm products and innumerable minerals will, when suitable transportation facilities are provided at reasonable rates, make Southern California the busiest section of the coast, if not of the United States.

Hope Deferred
When first I sought the writers' ranks
My verse was taken in with thanks.
[This years since that initial splash—
They've never sent the promised cash.
To wait and get no pay, I find,
Is worse than having things declined.

Appreciation of Orange County and Santa Ana

Editor Register:—We arrived in Santa Ana April 6th, and are well pleased with Orange county and your beautiful town, Santa Ana, and wish to give a description of the country for the benefit of our friends who think of coming here.

For a number of years we have been looking for a home where health, climate, good soil and pure water could be had, and think we have found it here. Thinking people, who desire the best of everything, and are not satisfied until they obtain the best, are coming to Santa Ana and Orange county. We are from Sonoma county, California, near Santa Rosa, a good county, but not favorably comparable with this. We have traveled through the United States from ocean to ocean, from the lakes to the gulf, and of all the lovely spots on the American continent, Orange county has no rival. The magnificent palm avenues, orange groves and abundance of blossoms fill the air with an exquisite fragrance that unites in raising the soul to the fullest enjoyment.

And, thanks to the Omnipotent Creator, the dawn of a new era is upon the Golden State. The rapid building of the Panama Canal, the acquisition of the Philippine and Hawaiian Islands, are destined to make of the Pacific ocean the world's greatest commercial highway. California, with its 1000 miles of frontage on the Pacific and its wonderful harbors, holds the key to the largest portion of the wealth to result from this new commercial and industrial development. The transcontinental lines of railway are ready for growing commerce and the influx of population. To the live man this is a message of great and manifold opportunities. Climate

POLITICAL TALK

Wanted—A Republican that can beat "The" Lacy for sheriff. This ad. has not yet appeared in the newspapers, and it may never appear; but it is nevertheless a fact that it expresses the ardent desire of both factions of the Republican party in this county.

O I know I oughtn't to be talking about factions. Theoretically factions do not exist. But it is a condition and not a theory that we have to do with just now. There are two factions in the Republican party in this county, and while one of them is a little disfigured and weak in the knees it is still in the ring—no pun intended.

Well, to get back for a moment to the shrievalty, the faction that sees him first—that Republican that "can beat 'The' Lacy for sheriff"—the faction that sees him first is a winner so far as the sheriff's office is concerned.

Provided, that he shall be found in the ranks of the faction that sees him first, or can be persuaded to join them. There was a rumor that somebody thought he had found the man. And who do you think it was? Geo. Peeters. Now what do you think of that? George could come pretty near doing the stunt. But would he? If he would that would open up the rich political preserves of the Recorder's office on which George has allowed

and products, and the many possibilities, have directed the eyes of the world to California. We grow almost every product of both the temperate and tropical zone. Corn, potatoes, onions, beans and three crops of alfalfa can be grown without irrigation. Col. Coulter and I went through a fourteen thousand acre patch of lima beans en route to Laguna Beach, where he has some valuable holdings, the most sheltered nook on the Pacific coast. The mountains furnish beautiful resorts and shady canyons for camping and hunting.

There comes no end to summer. The spring seems all the year; The roses bloom from year to year. And lilies leap to living green.
W. H. MARSHALL.

SOMETHING NEW

no poaching for lot these many years.
In passing it may be truthfully and pertinently remarked that C. E. Rud-dock of Fullerton is now an avowed and active candidate for sheriff, as is also Supervisor D. S. Linebarger.
While talking of possible, probable and would-be candidates for sheriff, the name of Sam Jernigan, who now holds down the city marshal's job at Orange, should not be omitted. Sam is a good officer, according to all reports. He is a Republican. But the thing to be considered by Jernigan in preparing to make a race is that Orange county does not know him nearly as well as does the city of Orange. If it was left, without political interference, to the popular vote of the city of Orange, Jernigan would be the next Republican nominee for sheriff. But it isn't left that way, or any other way, to the city of Orange—and there is the rub for Sam.

Another office for which a man is wanted by the Republicans—both factions suffering from the same aching void—is surveyor. They want somebody who can beat Col. S. H. Finley, who, it is said, is sure to be the Democratic nominee.

What's the matter with Schenck, do you ask?
Search me! I'm just telling you what people are saying. There may be many things the matter with him, or nothing, according to the point of view. But if he can't beat Finley, isn't that enough the matter? To be sure he did beat him. But "they say" he can't do it again.

A new star in the political firmament is Lew Wallace of Newport Beach. Whether Lew rose himself or was raised may be a question with some, but I believe he was raised—that it is a case of the office seeking the man. Wallace has been "talked of" for no less than three different offices, namely: auditor, county clerk and assessor. He would probably fill either one of them acceptably. He is now running the Newport State Bank and looking after the Townsend-Dayman interests at Newport. He probably came into notice through his activities in the last campaign and in the county associated chambers of commerce meetings.

The latest about the assessor's office is that Mr. Scott will not run again—that he will return to the abstract business. A. I. Stewart of Fullerton is going to run though—in fact he is running now. There are lots of people who say they, don't know whether Stewart is a "regular" or an "independent." But that don't make any difference—at least not to Stewart. He'd just as soon have a machine vote as a L.R. L. vote, and he might be persuaded to let a Democrat or prohibitionist vote for him.

"They say" Stewart is going to make a regular "Ben Ward" campaign. He is going to stump the county and show how the rich corporations and other plutocrats are escaping taxation while the poor man is paying an unjust proportion of the expenses of county government. That'll be a good thing to do—if its so—whether Stewart wins or loses.

Dave Kelley of the assessor's office is "talked of" as a good man for assessor—and that's about all about the assessor's office for this time.

"Wonder if Judge A. H. Stutsman of Tustin would run for treasurer," said a ruminating gentleman the other day. I wonder.

There is talk in some circles that Col. O. H. Coulter is just as likely as not to take a chance at the Republican nomination for justice of the peace in the Santa Ana township. The colonel doubtless could do the important part of a marriage ceremony with that éclat worthy of the job, and there is no reason to doubt that he could make good all along the line. The colonel isn't authority for saying that he will be a candidate for justice of the peace or any other office, but the talk is that he may be in a receptive mood.

A Hot-Weather Luxury
A Manhattan pudding is one of my own specials. Sprinkle one quart of raspberries with one cupful of sugar; cover and let stand two hours. Mash, squeeze through cheese-cloth, and add one cupful of cold water, and lemon-juice to taste. Turn the mixture in a brick-mold. Whip one pint of heavy cream, using a Dover egg-beater, and add one-half cupful of powdered sugar, one half tablespoonful of vanilla, a few grains of salt and two-thirds of a cupful of walnut meats cut in small pieces. Pour the cream mixture over the fruit mixture to overflow the mold. Cover with buttered paper, butter side up, fit on the cover, pack in finely crushed ice and rock salt, and let stand three and one half hours.—Woman's Home Companion for June.

Society Doings

All Day Meeting

The all-day meeting of the various Women's Societies of the First M. E. church held yesterday at the church proved to be an interesting one. The ladies of the Aid Society had their meeting in the forenoon and noon luncheon was served in the church dining room at which over 125 people were present.

Under the auspices of the missionaries societies, a reception was given

in the afternoon to Mrs. P. H. Bodkin of Los Angeles. Following this was an interesting address by Mrs. Bodkin, after which there was a social hour, when the ladies served light refreshments.

Ladies' Aid "At Home"

Tomorrow afternoon at the residence of Mrs. E. M. Smiley, 1302 N. Main, the Ladies' Aid Society of the First Presbyterian church will hold an "At Home." All the ladies of the church and congregation are invited to be present.

Medal Contest at Tustin

A medal temperance contest will be held at the Tustin Presbyterian church Friday evening, June 4, at 8 o'clock. There will be seven contestants and good music. All are invited and a collection will be taken.

Whist Club Afternoon

The Wednesday Afternoon Whist Club met yesterday afternoon at the home of Mrs. C. M. Jordan on Tenth street. Rare lilies, used simply, attracted the admiration of the guests.

The best score made during the progressive whist games was made by Mrs. Chas. Kelley, who won the club prize.

Refreshments were daintily served by Mrs. Jordan.

Helping Hand Society

Mrs. Wm. McMurphy was hostess yesterday afternoon to the ladies of the Helping Hand Society of the First Baptist church. Routine business consumed most of the time, committees being appointed and other matters of similar nature being looked after.

Mrs. McMurphy served delicious fruitade that was particularly appreciated from the strenuous warmth of the afternoon.

Jack Rensberg's Birthday Party

Jack Rensberg was a proud seven-year old boy yesterday afternoon when, with his mother, Mrs. Frank Rensberg, and Miss Collings as hostesses, his birthday was celebrated at the kindergarten room of Central school, with his classmates of the first grade as his guests.

Games were played, and as is the custom in similar school parties, the one whose birthday is being celebrated, chose his favorite games. Then ice cream and cake were served, with Master Frank's birthday cake, on which glowed seven candles, as the center of attraction.

The room was prettily decorated for the event, and the good time enjoyed by the youngsters was a pleasure to the hearts of the hostesses, who had spared no effort to make them happy.

A Birthday Dinner

One of the pleasant family parties of this week was that given Tuesday

The Very Sight of this Underwear Will Cool You Off

Why swelter in the heat when you can be comfortable? Take off that hot black hat and put on a cooling straw hat. It is worth the difference.

Vandermast & Son

evening, when Mrs. L. C. Wilye of 1702 North Broadway gave a 6 o'clock dinner party in honor of her husband's birthday. Only immediate relatives were present. Many useful gifts were received by Mr. Wilye and the evening following the birthday feast was spent enjoyably.

Covers were laid at dinner for Mr. and Mrs. L. C. Wilye, Mr. and Mrs. Wilye's father and mother, Mr. and Mrs. Horace Patterson, Mr. and Mrs. Schoef, Mrs. S. A. Salter, Miss Willie Patterson, and Miss Mabel Williams of Los Angeles.

"The Kleptomaniac"

The girls of the St. Elizabeth's Guild of the Church of the Messiah, last night presented "The Kleptomaniac" at G. A. R. Hall before a large and appreciative audience.

The little playlet was amusing to a high degree and was so cleverly played by the young ladies that the humor of the situation portrayed in the one act farce was amazingly well brought out.

The situation all revolves around the loss of Mrs. John Burton's purse, containing a hundred dollars and her rings, and the belief by Mrs. Burton that a certain handsomely dressed woman she had met at an afternoon recital, was the thief. As it turned out, the woman was one of high social prominence whom the Burtons were anxious to propitiate and when the absurd mistake was discovered poor Mrs. Burton was frantic. But all ended well, and the "lady dressed in Brown, with a seven gored skirt" never knew that she had been suspected of a crime.

Miss Myrtle Millward, who took the leading part of Mrs. John Burton, a lovely lovable helpless young woman

and much in love with Jack, her husband, whom she fancied she helped by being nice to his clients, was charming in the part.

Miss Jennie Lind, as the rather cynical young widow; Miss Gladys Harrison as a bride who thought "Charlie's" opinions were infallible; Miss Helen Cope as Mrs. Preston Ashley, a dignified young matron who was devoted to social position; Miss Harriett Wollaston as the enterprising reporter and Miss Frances Case as Katie, the ladies maid, were all clever, and the play moved along briskly and smoothly.

The bazaar supplementing the play, and at which home made candy and dainty fancy work articles were sold, was well patronized. Ice cream and cake served by the ladies in the dining hall were also a source of revenue.

Altogether the affair was satisfactory from every point of view.

Duplicate Whist Club

The Duplicate Whist Club is being entertained at luncheon today by Mrs. James S. Rice.

WHAT A WOMAN WILL NOT DO

—There is nothing a woman will not do to regain her lost beauty. She ought to be fully as zealous in preserving her good looks. The herb drink called Lane's Family Medicine or Lane's Tea is the most efficient aid in preserving a beautiful skin, and will do more than anything else to restore the roses to faded cheeks. At all druggists and dealers, 25c.

PERSONALS

Miss Estella Jessop of Garden Grove spent part of today visiting her sister, Miss Vera Jessop of the Western Union Telegraph office.

Robert McFadden and Miss Anna McFadden spent today in Los Angeles.

Miss Florence Boynter of Martin, Tenn., is visiting Mrs. John Sebastian off a few days.

O. H. Hall, Sr., went to Newport Beach this morning for a day or two of recreation by the seaside.

Miss Virgie Keeling arrived here today from Grand Junction, Colorado, on a visit to Miss May Haney and other old Colorado friends. She may remain some months in California.

Mesdames Winans and Nickle of Los Angeles are the guests this week of Mr. and Mrs. J. G. Quick.

Mrs. S. A. Salter returned to Newport this morning after several days visit with relatives in this city.

BASKET BALL BENEFIT TONIGHT FOR Y. M. C. C.

Everybody who can do so should turn out tonight to see the basket ball games on the Y. M. C. C. grounds, where at 7:30 o'clock the girls basket ball team from high school will engage the girls' team from First street school.

Later the boys' team from high school will play Third Street boys' team. Admission to both games will be but a dime and the proceeds will go towards paying for the lights recently placed around the Y.M.C.C. grounds.

This benefit should attract a large crowd, as all are interested in the prosperity of the Y.M.C.C.

Line Up for Girls' Game

First Street school: Forwards—Lottie Clary and Nettie Brock; center, Kate Fraser; guards, Anna Walker and Mildred Curtis; sub-guard, Evangeline Osborne.

High school: Forwards, Edith Spangler and Frances Cope; center, Mary MacCormack; guards, Harriett Wollaston and Leslie Roberts.

IS ADJOURNED TO JUNE 15TH

Petition is Received for Abandonment of Four Miles of Road Near El Toro

The Board of Supervisors adjourned yesterday afternoon to meet again on June 15. At that time a number of road matters will be taken up, and possibly there will be some understanding reached as to the disposal of the remainder of the money in the county advertising fund or which the Associated Chambers of Commerce of Orange County has petitioned.

Yesterday a petition from a number of residents of the El Toro and Trabuco districts was received asking that a stretch of four miles of road be abandoned. A new road has been built in that section and it is thought best to abandon the old road. The road is sought to abandon runs from near the west corner of block 174 of Irvine's Subdivision east and south four miles to the intersection of the road from El Toro to the Trabuco schoolhouse. The petition was set

for hearing on June 7. The terms on the county board of education for which L. A. Durfee of Orange and J. F. Walker of Anaheim were reappointed are two-year terms. The sale of the franchise for a power line in the Santa Ana canyon petitioned for by the S. A. V. I. Co. was set for June 15.

MONEY BACK OFFER

Mi-o-na Quickly Cures Belching, Sour Stomach, Foul Breath, Stomach Distress, or Money Back

—Stop your indigestion right away; you can do it if you will.

Go today and get a box of Mi-o-na tablets. Take one before, with or after meals for a few days and note the wonderful result.

In a week you can eat and enjoy any food you want without after disturbance, in two weeks you will feel like a new being.

Careful women who want to have and keep a good complexion, rosy cheeks, and bright eyes, should try Mi-o-na. Acting as it does on the stomach it is the great preventative of impure blood.

If you have a sallow complexion, pimples, blotches, or dull eyes, your digestion is all wrong, and you should take Mi-o-na tablets immediately, and put your stomach right.

Mi-o-na instantly stops belching of gas, sour stomach, heartburn and foul breath.

Mi-o-na is guaranteed by the Rowley Drug Co. to cure dyspepsia, sea or car sickness, vomiting of pregnancy, or money back.

Don't hesitate to try Mi-o-na. It is for sale by leading druggists everywhere.

A WHARF FOR WATER MOTOR

Contract is Let and Work of Construction Will Begin Very Soon

Los Angeles Times: A contract for the construction of a wharf 500 feet long and twenty feet wide, at the foot of Twenty-first street, Huntington Beach, was made yesterday with the Mercereau Bridge and Construction Company by the California Wave Motor Company. The last named concern expects to have a wave motor plant generating electricity for commercial purposes within sixty days.

From the floor of the wharf at Huntington Beach long spindles will be driven into the ground in two rows, one on each side of the wharf. On these, vanes not unlike a door mounted on double swinging hinges, will be hung. The top of this vane, or flapper, which is to swing to and fro as the waves wash in and out, is connected by means of a crank with a pump. As the waves work the flapper the pump piston will be worked by the crank.

The water from the pump is to be thrown into a tank, from which it will be let out against a Pelton wheel, or water motor, in turn connected with a dynamo. Where high hills are at hand the water will simply be pumped up to the top of the hills and allowed to fall on a water wheel. On low shores a closed tank will be used, and the water, with an air cushion in the top of the tank, will be worked at high pressure.

"It is all a question of units," said S. M. Abbott, secretary of the company, yesterday. "If we put down enough units we can send electricity to any reasonable distance. Hitherto wave motors have been built to utilize the lifting force of the waves, this could only be done with floats which could not be anchored; the horizontal action of the waves swept the floats away. In our motor it is the horizontal force that we use."

Permission to build the wharf was obtained from the War Department through Capt. Amos A. Fries Monday.

GRAIN DOCKS BURN UP AT PORTA COSTA

Estimated Loss is \$1,000,000
Including Carloads of Hay and Lumber

SAN FRANCISCO, June 3.—Two thousand feet of the Nevada grain docks at Port Costa, on the bay, were destroyed by fire Tuesday.

with a loss of \$1,000,000. 900 tons of grain and 100 tons of hops, besides cars of wheat and lumber, were burned up, also a grain "grader."

These docks had been used for 25 years to load all the grain from California for foreign ports. The origin of the fire is unknown.

LYNCHERS ARE GIVEN REHEARING BY COURT

WASHINGTON, June 3.—The Supreme court of the United States Tuesday granted a rehearing to the officers and citizens of Hamilton county, Tennessee, who were lately held guilty of contempt of court in connection with the lynching of Ed. Johnson, a negro, at Chattanooga three years ago.

CALIFORNIA'S DELEGATES

SACRAMENTO, June 3.—Gov. Gillett has appointed the following delegates to the National Irrigation Congress which assembles in Spokane, August 9th to 14th: San Francisco, Colonel F. Marston, Arthur R. Briggs, Frank J. Symmes, H. D. Loveland, T. R. Biggs, Luther Wagoner; Sacramento, W. A. Beard; Bakersfield, H. A. Jastro; Reedley, John Fairweather; Lowell, E. L. Larkin; Pasadena, J. R. Hayden; San Bernardino, J. G. North; Fresno, Frank Short; Chico, J. H. Jones; Red Bluff, John F. Ellison; Riverside, M. Estudillo; Modesto, L. L. Dennett.

HERE IS RELIEF FOR WOMEN

Sample sent FREE. Address, The Mother Gray Co., Le Roy, N. Y.

Our Manly Training of Girls

Our training of girls approaches close to the idiotic, claims Katherine Eggleston in Woman's Home Companion for June. The average girl, from the minute she leaves her dolls to go to kindergarten, till she matriculates at college, is told about men and men's work—never about women. The kindergarten songs and tales are about Lincoln and Washington—and even the pictures of animals show the lion and forget the lioness. In older childhood she is taught to build sand forts instead of good old-fashioned mud pies, and even the sums in arithmetic dwell on "Billy's" marbles and "John's" apples, to the total neglect of his sister.

Later she still goes to high school and learns history with all its ideals of brave men—and here again the woman's share of quiet courage is completely overshadowed. She learns carpentering, although she cannot cook an egg or sew a seam. And finally, her education finished, she knows all about the higher mathematics and is short-changed by the butcher. She learns political economy, but doesn't know who are the members of her own school board. Miss Eggleston's bright article concludes:

"If your boy wanted to be a lawyer, and a neighbor told you to put him to work in a carpenter's shop by way of preparation, you would think your neighbor crazy. But you do not consider yourself crazy when you train your daughter, who is to be a wife and mother (and nothing can get away from the grim statistics that women do marry, despite economic independence, the higher education and all other arguments in favor of coeducation), precisely as you train your son, who will enter some profession or trade, there to first earn his own living, and then to provide for a family yet unborn. The one to bear the family and to rear it, the other to provide shelter and comfort for the mother and that family, and yet both trained precisely in the same way."

ONE-LUNGER

—French constructors, encouraged by the numerous races for single cylinder cars, have developed a type of engine of but 3 9-10 inches bore which will develop no less than 30-horse-power and give a speed on the level of sixty miles an hour.

SOUTH SANTA ANA PLACE

The New 2-Acre Villa Home Tract

This fine sub-division has just been platted. It is located on the east side of Main street just south of the sugar factory and on the new electric car line. It is without doubt the best located land for home sites that is offered in the vicinity of the sugar factory and has been

Divided Into 2-Acre Lots

each of which fronts on a well graded and graveled street. The soil is rich and is well adapted to growing vegetables and berries of all kinds.

The lots, each of which contains 2 acres, are numbered in regular order, beginning with lot No. 1 and on up; lot No. 1 being the choicest, lot No. 2 second choice, and so on up to the highest number. It is our purpose to sell the lots in their numerical order. THE FIRST BUYER TO HAVE FIRST CHOICE.

There is not a great deal of difference in the real value of these lots and all of them will be sold at the same price.

The Price is \$500 Per Lot

part down, balance arranged to suit purchaser.

Land in this vicinity has been selling at from \$250 to \$300 per acre in large tracts. Think then what it means to get these choice 2 acre lots at less than acreage prices, and for less than you would have to pay for a little 50 foot city lot.

Don't delay, buy early and get a choice location. They won't last long at this price. See any Santa Ana Realty dealer or, owner.

LOS ANGELES PRODUCE MARKET
Lemon cucumbers, the finest grown, a cross, according to some agriculturalists, between the lemon and the cucumber, and in appearance very similar to that citrus, made its initial bow yesterday morning. The price on the vegetable was fixed at \$3 a box, just twice as much as is asked for the ordinary cucumbers arriving from Coachella Valley. Beans took a very rapid slump, going in one morning to 3 cents from 6 on the preceding day. Mexican tomatoes are just about cleaned up. The price on them jumped as high as \$2.40 a crate. Cabbage was sold as low as 25 cents a sack, while lettuce averaged 50 cents a crate on good stock.

The egg market was steady. Local eggs were well sold, and receipts were heavier than for any day in

two weeks, 801 cases. This had little effect on prices. Eastern fresh and some northern were sold. Receipts of eastern eggs for storage purposes are growing lighter, and not more than five cars will arrive this week.

Butter was in excellent demand. Receipts of the day were 34,040 pounds. Some eastern was brought in and sold at 27½ cents a pound. This month will find eastern receipts increasing right along. Cooking butter is holding up well at 22 cents.

Cheese receipts were 6242 pounds. There were no features in any particular variety, and the market was steady in eastern, and a trifle weak on local.

New potatoes were down in price. They sold as low as 75 cents a box, approximating less than \$2 per hun-

dred. Only one car of old spuds and a few sacks over were received from the north. Onions were also down. Bermudas sold at 80 cents a crate. All of those left on the market are from Coachella, the Texas onions having been sold out. White wax were dropped to \$1. One car completed receipts.

Black cherries jumped up to 9 and 10 cents a pound. The last blacks of the early season were about cleaned up and the late blacks are just ripening. Whites were cheap, selling as low as 50 cents a ten-pound box. Pineapples were raised 2 cents, making them 12 cents a pound. Pines are scarce at this season. Berries continued in poor condition and prices were accordingly low. The market on best berries was 3 cents, this price including all varieties. Apricots were unchanged in value and receipts were light for the day. Cherry plums were again shipped in from Imperial and sold at \$1 per basket.

Heavy receipts of local poultry in the past few days has caused the market to decline slightly. Dealers are paying from 2 to 3 cents less on their arrivals, broilers now bringing 22 cents, mixed coops from 14 to 15 cents and hens 16 cents.

Prices current

EGGS—Fresh California ranch, candied, extra selects, 30; selects, 28; fresh ranch local case counts, buying price, 25; selling price, 26; northern candied, 27; northern case counts, 25; eastern candied, 27.

COVERING WAS TAKEN AWAY

Water Company Has Found It Impossible to Keep Its Standpipes Closed

The death of Antonio Valdez, aged 12, in a ditch of the Santa Ana Valley Irrigation Co., at El Modena on last Monday is being very carefully investigated by officials of the water company. The coroner's jury placed blame upon the water company. That blame the officials do not believe justly belongs on their shoulders. While they are much grieved over the tragedy they prefer that conditions be understood.

Antonio Valdez with several other children was playing about the ditch. Twice the morning the girl fell into the standpipe and was drowned the

children were told to keep away from the standpipe. The girl was in full possession of her faculties until she fell. It seems likely that she struck her head against the cement and was stunned, and hence the fact that there was water running into the pipe was likely not the only factor in bringing about her death.

Residents of the neighborhood or passing teamsters are said to be to blame for the open standpipe in a number of places. The water company claims that the standpipe where the girl fell in was closed with a covering that was bolted to the cement, but that someone in order to have access to the water tore the covering away. At least, such a procedure has been notified in a number of places on the company's ditches.

For a number of years, in fact ever since the water company began using pipe, it has been confronted with the difficulty of guarding against the washing of a body, that might fall into a section of open ditch in front of a closed pipe, into the closed section. The superintendent has tried the use of bars, but the fact that trash washes up and stops the entrance causing the ditch to overflow has proven the grating of entrances as tried hitherto to be unsatisfactory. But the company hopes to devise a method of securing the protection without suffering the damage that has been done in the past by the grating.

REVIVAL MEETINGS OF UNUSUAL INTEREST

The evangelistic meetings at the Immanuel Baptist church yesterday were of unusual interest and largely attended. At both afternoon and evening the church was well filled and the addresses of Dr. Bales were received with marked attention and appreciation. He is a masterly preacher of the whole gospel, rightly giving the word of truth.

This afternoon at 2:30 his subject is "Identification With Jesus Christ." This evening a prelude on "Angels, Good and Bad" and the sermon on "Saul's Conversion" will be had. Friday afternoon subject will be "Not I." Come tonight.

Notice to the Public
—Owing to a delay in receiving machinery the Santa Ana Jersey Farm will not be able to deliver milk from its new plant until June 5th. Until that date Mr. Beckett will make deliveries for the company from his plant.

HE WON'T RIDE IN MERRY OLDSMOBILE

Oscar Rosenbaum Sues S. A. Clark to Recover on An Automobile Deal

An automobile that once was new but now is not, that once would run and again would not, has to do with testimony being taken today by Justice of the Peace Smithwick. The plaintiff is Oscar Rosenbaum of San Juan Capistrano, and the defendant is S. A. Clark of Santa Ana. Attorney Forgy represents Rosenbaum and Attorney Bell represents Clark. Rosenbaum, on Jan. 4, had an automobile transaction with Clark, whereby he paid Clark \$50 cash and gave him a lease note for \$75 in exchange for a certain automobile that goes by the name of Olds. Rosenbaum took a document from Clark which read

to the effect that in case the automobile was not in good repair, etc., Rosenbaum would get his money back.

Rosenbaum claims that the automobile was very much to the bad. He said it would hardly move on low speed, and on high speed—well, about two miles was the limit the thing would travel, and oftentimes, even quite frequently, the beast would not travel at all. Rosenbaum, after a few experiments, demanded his \$50 and the \$75 note. Clark refused to make the exchange. Rosenbaum sued.

Rosenbaum admitted on the stand this morning that when he bought the machine on Jan. 4 last, he was not used to automobiles. A pair of mules or a team of ranch-raised horses were more in his line. Had Rosenbaum been long in close company with automobiles possibly he would have been better prepared for the experiences he had with the machine he bought. He started toward San Juan Capistrano with it. It balked, and one of Clark's men brought it back to the shop. On another trip to the brickyard the machinery suddenly tied up and the automobile had to be hauled in.

But the straw that broke the deal came one day when Rosenbaum needed very badly to get to his ranch in the mission valley. With Clark in the machine with him, the auto was started from behind the Wickersheim building. On the low speed it ran to the gutter on Fifth street. The machine began to act in a suspicious manner.

"Throw on your high speed," said Clark.

Rosenbaum threw on the high speed and the engine died in its tracks, so to speak.

So Rosenbaum took the train. Mr. Clark testified that the machine was a second hand machine and that it was all he guaranteed it to be. It had been owned by Mr. Hazard of Westminster.

A. G. FINLEY MAKES CHANGE OF RESIDENCE

NEW SUBDIVISION NEAR THE FACTORY

A. H. Lyon Has Split Twenty-Acre Piece up Into Lots of Two Acres Each

A new subdivision has been made near the sugar factory on South Main street. A. H. Lyon, who owns a twenty-acre piece just south of the sugar factory property has divided the property into two-acre tracts and has named the subdivision South Santa Ana Place. Each two-acre piece faces on a street that is already made and in use, one of them being Main street. The property will appeal especially to those who expect to make their homes in the neighborhood of the factory, for the reason that it is close to the factory, lies in the right direction from it, that the electric line is close to it, closer in fact than it is to the factory itself. The subdivision lies south of South Santa Ana.

Ethelbert E. Duncanson to Will H. Kerr et ux—Release mortgage 99-192.

To Keep Light Dresses Clean

Magnesia may be obtained either in powder or in square cakes, and it is very effective in cleaning laces and delicate fabrics. Sift or rub it on the parts to be cleaned, and lay them away in a box or drawer where they will be undisturbed for a day or so, and then shake them out. It is a very good plan to apply the magnesia in this way when putting away party dresses that have become slightly soiled. The magnesia absorbs the dust, and when you take the dresses out to wear them the next time, they will be fresh and dainty. The magnesia is also effective, when applied in the same way, for removing grease-spots.—Woman's Home Companion for June.

Spring steel beams, suspension wheels, vertical lift, No Neck Weight in our Riding Cultivator. J. C. Williams & Son, Orange.

THE PORCH.

A Summer Sitting Room

Porch furnishings at summer prices. We don't like to be critical, but there were too many people sitting on the front steps last evening. If they only knew of the comfortable chairs, rockers and settees we are selling, and at such reasonable prices they would save the steps. A FEW \$5.00 WICKER ROCKERS AT \$2.95.

Hammock Time

A large amount of solid comfort, at a very small price. Every member of the family gets enjoyment in the hammock. You can afford two at the price we sell them.

Refrigerators

Now is the time. Remember a refrigerator, A GOOD ONE, is an economy, not an expense. An inexpensive luxury at \$5.00, \$7.50, \$9.75, \$12.50, \$15.00, \$18.00, \$20.00.

Gasoline Stoves

Convenient and economical for warm weather cooking. 2 burners, \$1.25 to \$2.50; 3 burners, \$2.00 to \$4.00.

Cots and Tents

Two tents slightly used, almost as good as new, very cheap.
